

As an organization of Mustang enthusiasts, SVTMustangElite Car Club members also have an appreciation for all Ford makes and models. We know how much hard work goes into restoring and maintaining a well-tuned vehicle. Our social mission is to help the community in areas that are near and dear to our hearts such as veterans, first responders, and young families. For this reason, we are partnering with the Sunland Park Racetrack and Casino, and several other generous business sponsors, to benefit the Reynolds Home of El Paso. This home provides temporary emergency housing for homeless women and their children. They work with these families to assist in transitioning them to a more permanent home by aiding in job assistance, financial guidance, and other vital resources.

For this reason, we invite the Ford Family of car-owners to showcase their pride and joy at the 2025 Festival of Fords, sponsored by SVTMustangElite Inc. There will be multiple classes of awards. From the latest model car or truck back to the earliest days of the Model-A. From a beauty of smooth lines and pristinely polished chrome to the muscle beasts of power, speed, and torque. Calling the Ford family of vehicles! **SVTMustangElite member cars will be displayed at the show, but will not be competing for show awards and will not be recognized at the show awards ceremony.**
